Dear Parents,

The Continuing Education and Professional Development Department of Schoolcraft College, with financial support by the Rockall Fund, is pleased to announce our Kids on Campus Scholarship opportunity.

Attached is the application for the 2018 Kids on Campus Scholarship. Please complete the application, along with the registration and emergency information form. These forms can be found in the Kids On Campus schedule, or on our website at [www.schoolcraft.edu/koc](http://www.schoolcraft.edu/koc).

All applications must be received in the Continuing Education and Professional Development office by **May 1st, 2018**. Please make sure to include the scholarship application and the registration form with completed emergency information or your application will be considered incomplete, and will not be reviewed.

Note: So that we can share the excitement that KOC brings to campers with our donors, recipients of a scholarship are required to provide a thank you letter and a short project. A few examples of ways a camper can share their experience is by taking a photo of something they completed in camp and telling about their experience, a letter summarizing the camp they participated in and what they learned, an art piece or a video from camp. Completed projects should be turned in the last day of camp to the KOC Headquarters in the Biomedical Technology building, room 167 or in Before and After Care, in the Liberal Arts Building room LA440.

Students who are awarded scholarships and their families will be contacted by e-mail after the May 1<sup>st</sup> deadline with additional details. Thank you for your interest in the Kids On Campus program.

Sincerely,

The Staff of the Continuing Education and Professional Development Department

**Important Notes:**

- Applicants who are selected to receive a scholarship will be required to provide proof of financial need before they receive their scholarship.
- Note: So that we can share the excitement that KOC brings to campers with our donors, recipients of a scholarship are required to write a thank you letter and complete a short project to share their experience in some way. A few examples of ways a camper can share their experience is by taking a photo of something they completed in camp and telling about their experience, a letter summarizing the camp they participated in and what they learned, an art piece or a video from camp. Completed projects should be turned in the last day of camp to the KOC Headquarters in the Biomedical Technology building, room 167 or in Before and After Care, in the Liberal Arts Building room LA440.
