GROUND AVOIDANCE GROUND ESCAPE Instructor Course

COURSE Date: **April 23 - 25, 2018**

TIME: **8:00am to 4:30pm**

Some ground fighting systems advocate being comfortable on the ground and fighting from this posture. PPCT Systems believes, because of the officer's equipment, restrictive uniforms and the tremendous energy demands of the grappling arts, that most officers are better able to control resistance from the standing position. The avoidance techniques are designed to stop a charging assailant and keeping the officer on their feet. The ground escapes techniques give the officer the option of escaping a ground encounter or engaging the suspect with control techniques.

- Instructor development;
- Defensive countermeasures;
- Control principles;
- And report writing

Student Requirements: Functional clothing; attendees should be free from physical/medical conditions
