CONFERENCE OF
WESTERN WAYNE
FIRE FIGHTER
TESTING PROGRAM

January – December 2012

**THE CWW FIRE FIGHTER
TESTING PROGRAM**

The Fire Training Institute of Schoolcraft College, in collaboration with the Schoolcraft Testing Center, administers a pre-employment certification test. This test evaluates the written and physical ability qualifications of fire fighter candidates. **All CWW applicants are required to take our CWW written and CPAT tests.** Successful completion of testing validates a candidate's ability to perform the critical reading and physical skills needed for entry level positions.

WRITTEN TEST

The written test measures work-related performance factors and basic fire fighter knowledge.

PHYSICAL ABILITY TEST

The Candidate Physical Ability Test (CPAT) is a sequence of eight separate events, requiring progression along a predetermined path from event to event in a continuous manner. The pass/fail sequence was developed to determine fire fighter candidates' ability to perform essential simulated tasks consistent with fire fighting. A description of the CPAT Test will be provided at registration.

Two forms must be submitted at the time of the physical test:

- 1) a release form signed by your physician and
- 2) a signed waiver of liability form

Forms will be provided at time of registration.

2012 WRITTEN TEST AND
CANDIDATE PHYSICAL
ABILITY TEST (CPAT)

New physical ability (CPAT), written tests and new fee structures are in effect since July 2007.

Successful completion of both tests may be required by the communities of the CWW and other participating municipalities:
