### History 2012-2013 CATALOG

The History Department's courses have been designed to fulfill the general education requirements of a college degree, help prepare you for career success, and satisfy your curiosity about the region, nation, and world. The courses cover world history from ancient to early modern and contemporary times and America from its inception to the present day. In addition, the department offers a course on the Great Lakes region and a course in U.S. Business History designed for business, economics, or history majors.
