Quality Management - 2012-2013 CATALOG

As consumers, we demand satisfaction from the quality of products and services that we pay for. Manufacturers also strive for quality in their own products. Teamwork, effective planning, and the constant pursuit of ways to improve processes and materials are essential for ensuring the highest quality possible. Courses in Quality Management help students develop a better understanding of effective problem-solving techniques that can be applied in various industries.

Are you a project manager? Find out how you and your employees can become more efficient by enrolling in one of the courses in the Quality Management department at Schoolcraft College. And reap the rewards today!

WHY CHOOSE A COURSE IN QUALITY MANAGEMENT?

Because...

- You value quality.
- You are looking for career advancement.
- You want to be more efficient at work and at home.
- You want to learn more about team building and conflict management.
- You want credits that may count toward your associate degree.
- You want credits that may transfer toward a four-year degree.

Quality Management courses are identified by the prefix QM.
