am pleased to have you as a member of the Schoolcraft College team. It is a team dedicated to doing what is best for students, and to doing it in a manner reflecting competency, integrity and innovation.

The foundation for these values can be found in the guidelines and practices we follow when doing our daily work. After all, when you do the little things right, the big things fall into place. This Handbook is a good example. A product of a team effort by many people, it reflects how committed Schoolcraft is to fostering a work environment that is both efficient and supportive.

My gratitude goes out to those who developed this Handbook, and to you for helping to make Schoolcraft a great place to work.

Conway A. Jeffress, President
Overview

This Handbook is a compilation of guidelines which have been developed by the staff of the Human Resources Department and contains answers to the myriad of questions employees ask for clarification of policies, procedures and labor agreement language.

For additional information you may contact us by e-mail at hr@schoolcraft.edu. We will make every effort to seek the answers to your questions and respond in a timely fashion.

Use and Purpose

This Handbook outlines the employment policies and procedures of Schoolcraft College that guide us in our daily work. We would like you to know what you can expect from us, and what we expect from you. This is not an all-inclusive document, and where applicable, should be used in conjunction with Board policies and procedures, as well as any collective bargaining agreement that might apply to you.

This Handbook was created to serve three primary purposes: to present our employment policies and procedures in one source; to convey necessary information to employees as may be required by state and federal law; and to give a general description of employee benefits at Schoolcraft College.

Nothing contained in this Handbook should be perceived as stating or implying a contract of employment. This Handbook is not intended to be contrary to applicable law, Board policy, or negotiated labor agreements. Where conflicting language between this Handbook and the aforementioned, the law, Board policy or labor agreement will prevail.

Underlying the information in this Handbook is Schoolcraft College's desire to support individual performance and development and to provide the information necessary to make good decisions as we go about our daily work.

Please keep this Handbook. We will notify you from time to time about changes in our procedures and practices.

schoolcraft college mission

Schoolcraft is a comprehensive, open door, community-based college. The mission of the college is to provide a transformational learning experience designed to increase the capacity of individuals and groups to achieve intellectual, social and economic goals.

Overview

Schoolcraft carries out its mission by offering a variety of educational programs, providing a vibrant campus life for students and visitors, and making the campus available as a community resource.

Educational Offerings

More than 30,000 people each year take part in a learning experience sponsored by Schoolcraft College. They do so at the main campus and the Public Safety Training Complex in Livonia, the Radcliff Center in Garden City, and online. These educational offerings include traditional college courses that grant credit, non-credit continuing and professional development courses, and training/consulting services for business and industry.

Traditional offerings include freshman- and sophomore-level courses in more than 60 academic disciplines, transfer agreements with dozens of four-year colleges and universities, and career-oriented certificates and associate degrees.

Continuing education and Professional Development courses focus on the arts, business and computers, health and fitness, professional and workforce development and personal enrichment.

Business services encompass training on campus, training at a company’s location, small business/entrepreneurial training and government contracting assistance.

Campus Life

The college offers numerous student activities and student clubs, as well as concerts, theatrical performances, special events and nationally ranked intercollegiate athletic programs.

Students also are engaged in service learning, honors studies and peer tutoring. They publish an award-winning newspaper, host art shows featuring student work and volunteer with local charities.

A recent addition to the campus scene is the Biomedical Technology Center on main campus in Livonia. The Biomedical Technology Center brings science, technology, engineering, mathematics,
This document discusses the various programs and facilities offered by Schoolcraft College. It mentions the BTC (Brunswick Technology Center) which combines genetics, robotics, information systems and nanotechnology focused programs. TheBTC gives Schoolcraft College students and graduates the skills they need for the future. The renovated Waterman Wing of the VisTaTech Center features student gathering spaces, laptop computer connections and a high-quality food court to serve commuting students throughout the daytime and evening hours.

A new state-of-the-art Fitness Center, conveniently located in the Physical Education (PE) building, offers degreed, certified professional staff and high-tech lines of cardio and strength equipment for staff and student use seven days a week.

With a new Public Safety Training Complex in Livonia, students and cadets train in some of the state’s most technologically advanced and state-of-the-art facilities. The new PSTC features a 10-acre driving pad, a four-story fire training tower, access to the Livonia Police Department’s firearms range, and a confined space training area. In addition, an indoor situational maze can be configured to simulate a variety of rescue situations.

**Community Resources**

Many of Schoolcraft’s instructional and meeting spaces are available for use by local businesses, groups and organizations. Between outside groups using the campus as a meeting place and dozens of Schoolcraft-sponsored events, more than 100,000 people come to campus each year for a variety of activities, making Schoolcraft a hub of community life.

The VisTaTech Center embodies Schoolcraft College’s dynamic, on-the-move spirit. Opened in July 2003, VisTaTech’s classroom, training, meeting and event spaces are the perfect venue for meetings, events, conferences and seminars. Visitors to the building can enjoy cuisine prepared by culinary arts students in some of the nation’s newest, most advanced teaching kitchens.

Age Requirement for Employment

Americans with Disabilities Act (ADAAA 2011)

Schoolcraft College welcomes applications from people with disabilities. We fully support the Americans with Disabilities Amendments Act of 2011. We have taken steps to make our work facilities barrier-free and accessible as defined by state and federal statutes.

We have sought to identify the essential functions and physical requirements of all distinct jobs at Schoolcraft College and, where possible, will strive to make reasonable accommodations through scheduling, task reassignment, and other methods to accommodate applicants and employees with disabilities.
**Fair Treatment**

The Board affirms its desire to create a work and study environment for all individuals that is fair and responsible. The environment shall support, nurture and reward career and educational goals on the basis of relevant factors such as ability and work performance. The Board of Trustees believes that harassment of any kind is inconsistent with a supportive environment.

**Employee Orientation**

Employees hired for regular positions receive a new employee orientation. This is a collaborative effort between the Human Resources Department and the employee’s supervisor. The employee receives a booklet of pertinent information from Human Resources. Every attempt is made to schedule the orientation on the employee’s first day of work, and the employee meets with both the employment coordinator or Human Resources representative, and the benefits manager.

The department supervisor completes the orientation by explaining department procedures, introducing the employee to colleagues, and setting procedures in place for the employee to receive assistance in learning about his/her job duties.

**Vacant Positions**

**Applying for Positions**

Schoolcraft College position vacancies are posted on the Schoolcraft website, on the Human Resources Department, Radcliff Center and PSTC bulletin boards and, where necessary, ads are placed in newspapers and other publications. Interested personnel may access the college Website, https://jobs.schoolcraft.edu, to obtain information on current job vacancies.

To be considered for a vacancy, an applicant must complete the necessary application for employment and supply other documentation specified by the posting, before the closing date.

After the closing date, completed applications are reviewed by the appropriate administrator and the executive director of Human Resources or designee to determine whether each candidate is minimally qualified.

**Testing for Hourly Positions**

In those cases where skill levels must be verified, Human Resources personnel will initiate testing. Test results are kept on file for two years following the testing for applicants not chosen for the vacancy.

**Official Transcript Requirements**

Employees hired for positions requiring college degrees or college course work must provide official transcripts to verify earned degrees from a regionally recognized accredited institution. Unofficial transcripts are acceptable when the application is submitted; official transcripts are required if the applicant is selected for the position.

Acceptable official transcripts are:

- Transcripts sent directly from the granting institution to the Human Resources Department.
  
  **Hand delivered transcripts are not acceptable.**
• Original, translated, transcripts from foreign institutions. The Human Resources staff member will verify their originality, make a copy for the personnel file, and return the original to the employee.

**Moving Expenses Reimbursement**
For full-time administrative hires, moving expenses may be considered for reimbursement, to a specified maximum. Commuting distance from the administrator’s current home to the college must be more than fifty (50) miles before moving expenses will be reimbursed. Before the payment of any monies in connection with his or her household relocation, the newly hired employee is required to initiate a Relocation Agreement, which may be obtained from the Human Resources Department.

**Reference Checks**
Finalists for vacant positions are subject to reference checks with current or previous employers by a Human Resources staff member.

**Physical Exam/Criminal Record Check**
A physical examination/drug test, conducted at the college-appointed clinic is required for all new full-time and selected part-time employees, and a criminal record check through the State of Michigan is required of all new employees.

**Driving Record Check**
For positions requiring driving of college vehicles, driving record checks are conducted through the State of Michigan.

**Transfers**
To be considered for other jobs at the college, current employees are required to complete an application for employment. In addition, unless the documentation is already on file, requested supporting documentation such as resumes and transcripts must be received by the Human Resources Department before being considered an applicant.

**General Employment**
Those applicants seeking on-call employment at Schoolcraft College, i.e. working during registration or during ‘rush’ at the bookstore, must complete an application for employment and other hiring paperwork. The department wishing to hire an on-call employee will contact the applicants directly, and will submit the appropriate paperwork to the Human Resources Department.

**U.S. Citizenship and Immigration Services (USCIS)**
As required by the USCIS, newly hired employees must produce proof, within three days of employment, that they are eligible to work in the United States.

Paid breaks are not permitted at the beginning or end of the shift or combined with the unpaid meal break.
Conferences and Travel
(Hourly Employees)

An employee attending and/or traveling to conferences shall be paid according to the guidelines listed below:

- Driving time is compensable if the employee is driving him/herself to a training session or other work-related activity away from the workplace.

- If the employee is a passenger (car, bus, airplane, etc.) and the travel is for a one day event, travel time is compensable, excluding ordinary home-to-work travel and meal time.

- When the employee is required to stay overnight, time spent in travel is compensable when traveling as a passenger (car, bus, airplane, etc.) during the employee’s normal working hours. Compensable travel time includes not only travel during normal working hours on regular working days but also corresponding hours on non-working days.

  Example 1: Where an employee normally works Monday – Friday from 8 am – 4:30 pm, and travel is required on Sunday between the hours of 2:30 pm and 4:30 pm, the employee is entitled to pay for those two hours.

- When the employee is required to stay overnight, time spent in travel is not compensable when traveling as a passenger (car, bus, airplane, etc.) outside of the employee’s normal working hours.

  Example 2: Where an employee normally works Monday – Friday from 9 am – 5 pm and is asked to travel on a Sunday evening between the hours of 6 pm and 9 pm for an overnight stay, the time is not compensable, unless the employee is actually performing work, i.e. worked on the plane from 7 pm – 8 pm, that hour is compensable.

In lieu of overtime, supervisors may allow employees to adjust (flex) their workweek to accommodate travel requests. Remind employees to record the actual hours that are considered work time on their timecard.

  Example 3: Where an employee normally works Monday – Friday from 8 am – 4:30 pm, and travel is required on Sunday between the hours of 2:30 pm and 4:30 pm, the employee may work a reduced work day during the week prior to Sunday, such as leaving at 2:30 pm on Thursday rather than 4:30, and including the travel time as part of the work week.

Employee will report on their timecard Monday, Tuesday, and Wednesday – work hours 8:00 am – 4:30 pm; Thursday – work hours 8: am – 2:30 pm; and Sunday – work hours from 2:30 pm – 4:30 pm.

All overtime must be approved in advance by the employee’s immediate supervisor. Compensatory time shall be granted to an employee who works overtime and who has an agreement with the appropriate supervisor to be compensated with time off instead of receiving pay for the overtime hours. Such time off shall be granted at the rate of one-and-one-half times the hours worked.

The following guidelines apply to the earning and use of comp time:
• The employee and the supervisor must mutually agree that comp time will be granted in lieu of overtime pay before the employee works the overtime.
• Because it is earned at the rate of one-and-one-half hours for one hour worked, earned comp time must be used in a different week from the week in which it was earned.
• Earned comp time must be used within 9 months from the time it was earned, and the number of hours accrued at any given time may not exceed 80.

During the orientation program, newly hired employees meet with the benefits manager to review their benefit options, receive benefit plan booklets and complete appropriate paperwork to enroll in their desired program. After completing the enrollment material, employees receive the insurance forms needed to use the coverage and appropriate phone numbers to call for specific questions or concerns about their insurance program.

Benefit summaries for the various employee groups are available from the human resources department. The summaries are also located on the HR web page.

If an employee qualifies for Long Term Disability coverage (121st day of disability) benefits will be limited to medical insurance for one year from the effective date of Long Term Disability. An employee can qualify for dental and vision coverage through COBRA.
