KIDS on campus

SCHOOLCRAFT COLLEGE

SUMMER 2010
JULY 12–30

ENRICHMENT DAY CAMPS FOR 1ST–9TH GRADERS
TAUGHT BY PROFESSIONALS AND CONTENT EXPERTS
DYNAMIC AND DIVERSE SOCIAL ENVIRONMENT
HANDS-ON LEARNING
BEFORE AND AFTER CARE AVAILABLE
Welcome Parents and Campers.

Believe it or not, we are preparing to embark on yet another summer of stimulating knowledge and fun!

Last year’s revised format was a huge success. After all of the camp sessions concluded, we held several focus groups to learn more about the experiences you and your children had while participating in our program. As a result of these focus groups, we were able to gain valuable information about what is important to both you and your children in selecting a day camp.

This summer you will see many of these new ideas implemented within our program. For example, we will be adding more visible drop off points, providing campers with a dinner discussion sheet to recap the day’s activities at home, as well as expanding our camp offerings in areas such as song-writing, culture, starting a business, and more.

So, sit down with your child today and take a look inside—it is never too early to start planning for Summer 2010!

The best part about Schoolcraft’s Kids on Campus program is all of our camps are taught by dedicated professionals—after all, we love to teach!

HOW TO USE THIS SCHEDULE

PHYSICS FUN! GRADES 3 & 4

Class Title
Required Grade Level (entering in the Fall)

Better understand the world around you in this interactive play land. Discover the world of physics—laws of motion through exciting experiments and games. You launch a paper airplane, connect an electric circuit, play with white light, see sound and explore the universe. Learn while you play! Please bring a bag lunch to camp each day.

CES 8461 $199
Course Number Cost

Section Number
C. Shiver

You are Invited

Parents—you are invited to join your children in the classroom for a Kids on Campus Showcase at 2:40 p.m. on Friday, July 16, 23 and 30. See the terrific projects and wonderful artwork your children have created. Celebrate with your children, their classmates, instructors, siblings and other parents.

Parents are encouraged to visit any or all classrooms to observe the activities and instructors in the summer Kids on Campus program.

We look forward to seeing you there!
SAFETY AND PROGRAM GUIDELINES

Before Classes Begin

• For safety reasons, completed emergency contact information—filled out online or via the form found on page 15 of this schedule—must accompany the registration. Schoolcraft College reserves the right to delay the registration until completed emergency contact information is provided.

• Register your children for the grade level they will be entering in the fall. Our instructors and administration request that parents follow the grade-appropriate guidelines listed with each class. We reserve the right to reassign your child to a grade-appropriate class. Your cooperation is appreciated.

• Children should wear comfortable play clothes that can get messy and are easily cleaned.

• Make sure your children know the name and location of the camp in which they are registered. Give your children a printed copy of their schedule to bring with them.

• Talk with your children about safety issues in all public places such as Schoolcraft College.

• If this is your child’s first experience at Schoolcraft College, we suggest you visit the campus before classes begin to become familiar with the campus and camp locations.

• Remind your children not to go into any parking lots without an adult present.

Drop Off/Pick Up

• Inform instructors if someone else will be picking up your children.

• Designated arrival time is 8:50 a.m.

• Pick up time is 3 p.m.

• Parents must arrive promptly at the designated drop off/pick up times. If a parent is consistently late picking up a child, that child will be taken to the Before and After Care room and the Before and After Care fee will be assessed to the parent.

• Please use the drop off/pick up area at the building where your children’s camp is located—see the campus map for designated areas. Aides in orange Kids on Campus STAFF t-shirts will walk children to their assigned camp, or you may choose to walk your children to their classroom. The parent/guardian is responsible for walking children to their classroom if they arrive after 8:50 a.m. and the group has left the drop off area. We recommend that parents of 1st or 2nd graders escort their children to and from their assigned classrooms.

• Students must sign in upon arrival and sign out when departing.

• Children registered for Before and After Care may be dropped off at 8 a.m. and picked up at 5 p.m. Parents must escort their children to and from the Before and After Care room.

• Please note: Students enrolled in Academic Skills Workshops must make their own drop off/pick up arrangements.

During Class Sessions

• Appropriate behavior is expected. Students will be disenrolled for misbehavior.

• Introduce yourself to your children’s instructors and Kids on Campus aides.

• Students must bring a bag lunch each day and are encouraged to bring their own snacks.

• Children under 12 must be accompanied by an adult when not in class.

• The Kids On Campus staff and faculty members will not dispense medications.

Please note that some camps involve off-site field trips. Permission slips are required for all off-site trips and will be provided on the first day of class.
The Arts & Science

Art & Acting Garage: Grades 1 & 2
Spend your morning revving up your imagination and design, weave, sculpt, paint, and assemble all kinds of art in the art body shop. In the afternoon use your art skills to design props and a theatre set used for an informal production starring you! Have fun doing pantomime, improvisation, storytelling and more. Get the right tools to become an “Art and Acting Mechanic.” Please bring a bag lunch to camp each day.

CES 3620 $199
1 week MTWRF July 12
Sec. 939807 LA440 8-9 am/3-5 pm Staff

NEW Art & Science Safari: Grades 1 & 2
Set your compass for all day fun. All morning, have a blast designing, weaving, sculpting, painting, and assembling whatever your imagination can dream up. In the afternoon grab your jungle hat and find out what a habitat is; and learn about birds, bats, and insects, and the places they call home. Each day will be packed with new and exciting science and art activities. Please bring a bag lunch to camp each day.

CES 8472 $199
1 week MTWRF July 19
Sec. 939808 LA485 9 am-3 pm Staff

Before and After Care to your child’s schedule for a full day of fun on campus.

BEFORE AND AFTER CARE
Students will engage in supervised activities which include, but are not limited to arts, crafts and structured games.

CES 3445 $55
1 week MTWRF July 12

ENTERING GRADES 3 & 4

THE ARTS & CULTURE

ART EXPLOSION!: GRADES 3 & 4
Three…two…one…ka-boom! Be a part of the art explosion. Once the dust settles, create cool art projects. Try your hand at pencil and charcoal drawings; create giant paintings; get down and dirty with sand castings, string art and clay. On the last day burst on the scene with all your art ammunition and ignite delight in your family and friends. Please bring a bag lunch to camp each day.

CES 3600 $199
1 week MTWRF July 12
Sec. 939819 F370 A. Turnage
1 week MTWRF July 19
Sec. 939820 A5820 J. Kopka

NEW ACTING ADVENTURES: GRADES 3 & 4
Have you ever tried to stalk like a lion or strut like a king? Have you ever pretended to be someone totally different from yourself? Want to try? Come on an acting adventure. Have fun doing pantomime, improvisation and storytelling. Learn how to plan sets, props and costumes. Be part of an informal production on the last day for friends and family. Lights, camera, action! Please bring a bag lunch to camp each day.

CES 3619 $199
1 week MTWRF July 19
Sec. 939812 LA440 Staff

ALL STAR CHESS! GET in the GAME: GRADES 3 & 4
Make your first move—the one that brings you to Kids on Campus! Learn the essentials of chess, the vocabulary and terms associated with the game. Then spring into chess action as you learn about chess openings, tactics, traps and strategies. Be part of exciting competitions, including tournaments, puzzle contests and Bughouse—a fun form of chess using partners. Become a chess all-star! Please bring a bag lunch to camp each day.

CES 7242 $199
1 week MTWRF July 12
Sec. 939829 LA240 Staff

MATH

MATH MANIA: GRADES 3 & 4
Get wild and crazy about math! Hold onto your hat and play your way into the world of probability, statistics, story problems and graphing. You'll pick up new math tricks and skills while exploring higher level thinking. Have fun discovering why math rules. No geeks allowed. Please bring a bag lunch to camp each day.

CES 8457 $199

Sec. 939298 LA410 K. Fotiu

Weaving in and out of the Arts & Culture, we move on to Writing:

WRITING

KID WRITERS—JOIN the CLUB!: GRADES 3 & 4
Write, illustrate and publish your own book! Let your imagination run wild as you dream up a main character, give them life and breath and a story in which to live. Kick it up a notch and actually create your one-of-a-kind character in puppet form. Help to organize and display your published work of art at the class book fair. Please bring a bag lunch to camp each day.

CES 7333 $199

1 week MTWRF July 19
Sec. 939823 LA260 C. Poslaiko

NEW HOW TO WRITE SONG LYRICS: GRADES 3 & 4
“Three Blind Mice” is reportedly the most famous song in the world. The words of popular songs are easy to remember because they are easy to sing, easy to remember and usually tell a story or give a message. Learn how to write your own song; then have it recorded on a CD with the songs of your classmates to take home. You’ll share your song with the class as a solo artist, duet or group. Feel free to bring any instrument to class if you’d like, but it is not required. Please bring a bag lunch to camp each day.

CES 7358 $199
1 week MTWRF July 12
Sec. 939811 LA140 S. Michaud

Add Before and After Care to your child’s schedule for a full day of fun on campus.

ENTERING GRADES 5 & 6

CAREER EXPLORATION

BE A Biz Kid—STARTING A BUSINESS: GRADES 5 & 6
Because you’re a kid doesn’t mean you don’t have what it takes to run your own business. Working with a business partner you’ll choose a business from a list of possibilities. You’ll name your business, design your logo, and learn about stuff like pricing, profit margins, and marketing. On the last day of class you and your partner will show off your product or service to your peers in class. Please bring a bag lunch to camp each day.

NEW ART-RAGEOUS TEXTILES: GRADES 7, 8 & 9

Immerse yourself in the wild world of textile art. Tap into your individuality by using things like plants fibers, animal fibers, or synthetic fibers to create objects that scream, “Look at me!” Blast away creative boundaries as you try your hand at wet felting, weaving and textile painting. Grow as an artist while making new friends who love art as much as you do. Please bring a bag lunch to camp each day.

NEW KITCHEN COMBAT TRAINING: GRADES 7, 8 & 9

Drop and give me 20—eggs that is. Get ready for five days of intensive fun-filled culinary arts training. Build up your cooking skills, flex your muscles and learn how to cook fabulous meals and desserts that will impress every civilian. Every day, make your culinary lunch creation—you even may be able to take home a few tasty treats. Pre-requisite: Culinary Arts Boot Camp or Culinary Arts Exploration. Please bring a tool kit with the following: a paring, chef and bread knife; spatula; dough cutter; pastry brush; thermometer; and measuring spoons. Plan to wear an apron, long pants and comfortable shoes.

NEW ROAD TRIP TO JAPAN: GRADES 7, 8 & 9

Get your wheels tuned; your iPod loaded; your Garmin cranking and take the road trip of your life! Experience all that makes Japan a one-of-a-kind place: samurai warriors, sumo wrestlers and anime animation. Learn about the Japanese language, try your hand at Japanese martial arts, and take part in some Japanese festivals and celebrations. Finish your great adventure by enjoying an authentic Japanese lunch. Please bring a bag lunch to camp each day except Friday.

**CAREER EXPLORATION**

**AVIATION & AEROSPACE—FULL THROTTLE AHEAD!: GRADES 7, 8 & 9**

The entire story of aviation and aerospace will be the subject of this awesome summer adventure. From the Wright Brothers’ principles of flight, through today’s high-tech aerospace industry, you’ll experience the world of flight through field trips, rocket building and launching, and flight simulator software. Explore the exciting new careers in aeronautics in this power-packed camp. Up, up and away! Please bring a bag lunch to camp each day.

**NEW BE the BOSS—START YOUR OWN BUSINESS: GRADES 7, 8 & 9**

Make your business happen; from choosing your product, to naming your business, designing a logo, understanding pricing and profit margins, analyzing sales and how to market your idea. Working with a business partner you’ll choose a business from a list of possibilities and then get down and bring it to life. On the last day of class launch your business and sell your product or service to your fellow entrepreneurs. Please bring a bag lunch to camp each day.

**NEW INTERIOR DESIGN: GRADES 7, 8 & 9**

Do you dream of becoming the next Design Star? Learn the actual processes designers use when creating pleasing spaces that work well. Learn how to select your colors, plan your space, find materials and accessorize. Learn the differences between designing for a home or a business. Then put your knowledge to work and design your own room. Learn to take any space and make it fabulous. Please bring a bag lunch to camp each day.

**GAME MAKER: HIGH-TECH MANUFACTURING: GRADES 7, 8 & 9**

Experience how “stuff” is made in Schoolcraft’s state-of-the-art manufacturing lab. Design parts and see them made right before your very eyes! Make a hand-held game, a 3D photograph and professional looking nametags. Design using Computer Aided Design (CAD) manufacturing software and real Computer Numerical Control (CNC) machines, taking the finished product home after being built. Safety is a priority and students will work in small groups. Please bring a bag lunch to camp each day.

**WEB DESIGN: GRADES 7, 8 & 9**

Learn how to design your own Web page and the ins and outs of posting it on the World Wide Web. Using Macromedia Flash try your hand at the basics of animation. Discover how to access and use online game resources. Best of all, at the end of class show off your creation to friends and family and then, take it home to play. Experienced gamers are welcome to work at a more advanced level. Please bring a bag lunch to camp each day.
**SCIENCE**

**ROBOTICS FOR TEENS: GRADES 7, 8 & 9**
Robots are used in everything from building cars to space travel. Discover the principles of real robotic engineering as you help dream-up, design, build and program a robot using LEGO® Mindstorms™. Learn about electrical and mechanical engineering as you perform different robot experiments. Examine the history of robotics and find out how robots compete. Have fun and experience being part of a teen robotics team. Please bring a bag lunch to camp each day.

**BIO/chem—ONE WORLD: GRADES 7, 8 & 9**
The world around you is a humongous science lab waiting to happen. Look closely at everyday things and discover how their chemical and biological make-up defines them. Through information sharing and exciting labs you’ll see science in a whole new light. Don’t worry if you are not really experienced with science, the class is flexible and maybe adjusted to suit any range of abilities. Please bring a bag lunch to camp each day.

**WRITING**

**TEEN WRITERS INC.: GRADES 7, 8 & 9**
Spend time with other teens who love to write as much as you do. Define and fine tune your own writing process while enjoying free writing time, peer editing and some computer illustration opportunities. Write both narratives and poetry focusing on character, plot, and theme and scene development. Get down to business and become a writer extraordinaire! Please bring a bag lunch to camp each day.

**ACADEMIC SKILLS WORKSHOPS—ENTERING GRADES 6 THROUGH 12**

These academic skills workshops are offered during the Kids on Campus Summer program through the Learning Assistance Center. Academic skills workshops are not run in a camp format. Call 734-462-4436 or visit www.schoolcraft.edu/lac for more information or for program guidelines. Note: None of the Academic Skills Workshops are designated Talented and Gifted.

**KEYBOARDING & BASIC WORD PROCESSING**
Be ready for school reports and projects this fall! Develop keyboarding skills and work on speed. Learn to type and set-up reports that are sure to earn good grades. No more waiting for someone else to type it for you. Become equipped to “do it yourself.”

ACADEMIC SKILLS WORKSHOPS—ENTERING GRADES 6 THROUGH 12

ENHANCING STUDY SKILLS

Studying, like any other skill, can become easier if you learn to do it well. Learn to organize and start the study process, take effective notes, enrich your vocabulary and manage your time to avoid feeling pressured. Better critical reading and listening skills will also help to make you the ultimate study pro! Please note grade appropriate sections.

**CES 0430** $175
- 3 weeks
- MTWR
- July 12
- Grades 6, 7 & 8
- 9-11 am

**CES 0863** $175
- 3 weeks
- MTWR
- July 12
- Grades 9 & Up
- 11 am-1 pm

ARE YOU READY FOR PRE-ALGEBRA OR ALGEBRA?

Develop confidence and readiness for pre-algebra and algebra by gaining proficiency working with integers, fractions, decimals, simple algebraic equations as well as an understanding of symbols and terminology. All the necessary concepts will be introduced to help you prepare for your upcoming year in algebra. Please note grade appropriate sections.

**CES 0815** $175
- 3 weeks
- MTWR
- July 12
- Grades 9 & Up
- 11 am-1 pm

ENHANCING ALGEBRA SKILLS

Do you have some experience with algebra but want to increase your knowledge? Take what you already know about algebra and add to your skills by doing operations with polynomials, solving first degree equations and graphing linear equations with two unknowns. You’ll also develop strategies for solving word problems.

**CES 0814** $175
- 3 weeks
- MTWR
- July 12
- Grades 9 & Up
- 9-11 am

ENHANCING GEOMETRY SKILLS

If you have a good understanding of the basic concepts of algebra and are ready to learn more, your opportunity awaits! Broaden your algebraic knowledge by learning about operations with polynomials, rules of exponents, factoring polynomials, and rational expressions. Gain confidence with radical expressions and solving quadratic, rational and radical equations as well.

**CES 0845** $175
- 3 weeks
- MTWR
- July 12
- Grades 9 & Up
- 1:20-3:20 pm

SUCCESSFUL READING SKILLS FOR MIDDLE SCHOOL STUDENTS

Having trouble remembering what you’ve read? Do you waste too much time trying to figure out words while reading? This class will help! Learn ways to improve your vocabulary, decode words and how to remember and understand what you’ve read. By reading a short book in class, you and your classmates will make connections to reading, all while doing fun art and group activities. This class is not intended for special education students and IEP students. Please note listed novel selections.

**CES 7326** $175
- 3 weeks
- MTWR
- July 12
- Grades 6, 7 & 8
- 11 am-1 pm

**CES 0863** $175
- 3 weeks
- MTWR
- July 12
- Grades 9 & Up
- 11 am-1 pm

ENHANCING ENGLISH SKILLS

Whether you’re already a good writer who’s looking for an opportunity to practice your skills, or if you are lacking confidence in your abilities, you will benefit from this class. Strengthen your written and spoken English skills through daily writing and reading activities, basic grammar review and vocabulary building exercises. Be equipped to tackle writing assignments with confidence and flair! Please note grade appropriate sections.

**CES 7072** $175
- 3 weeks
- MTWR
- July 12
- Grades 6, 7 & 8
- 9-11 am

**CES 0863** $175
- 3 weeks
- MTWR
- July 12
- Grades 9 & Up
- 11 am-1 pm

ENHANCING ADVANCED ALGEBRA & TRIGONOMETRY SKILLS

If you have a good understanding of intermediate algebra concepts you will find this course most beneficial. Begin with exponential and logarithmic functions, followed by trigonometric functions. Review radian and degree measure, right triangle trig, any angle trig, the unit circle, graphs of trig functions, inverse trig functions, trig identities, solving trig equations, laws of sines and cosines, and applications. A TI-83 graphing calculator is required.

**CES 0815** $175
- 3 weeks
- MTWR
- July 12
- Grades 9 & Up
- 11 am-1 pm

ENHANCING BASIC MATH SKILLS

You can improve your math skills at any level by strengthening your basic mathematical operation and problem solving ability. From working with numbers, to pre-algebra and basic geometry, be more confident with a good base of mathematical knowledge. Give yourself the tools you’ll need to be successful and confident!

**CES 0810** $175
- 3 weeks
- MTWR
- July 12
- Grades 6, 7 & 8
- 9-11 am

**CES 0863** $175
- 3 weeks
- MTWR
- July 12
- Grades 9 & Up
- 11 am-1 pm

For more information call 734-462-4448

TAG=Talented and Gifted Certification required—See page 14
Cancellations or Class Changes
Schoolcraft College reserves the right to cancel any class that does not receive a minimum number of registrations; students will be contacted by phone and may select another class or request a full refund. The college may also change the day, time of day, class location or instructor.

Dropping a Class and Refund Policy
You can drop a class for a full refund up to the day before the first class meets by written request, or online through WebAdvisor after April 9.

Written requests for refunds must be initiated by the student’s parent/guardian and are to be mailed or walked in to the Admissions and Enrollment Center in the McDowell Center, or faxed to 734-462-4553. The request must contain the following:

- Student name
- Student ID number
- Course number, section number
- A brief statement requesting the refund, signature and date.

The refund policy is:
- Through the day before the first class meets—100 percent course fees.
- Thereafter—no refund.

Note: Credit card payments made online through WebAdvisor will be credited to the account used for payment. All other refunds will be issued by check in the student’s name and mailed to the address on record.

It is the policy of Schoolcraft College that no person shall, on the basis of race, color, national origin, gender, age, marital status, creed, or disability, be excluded from participating in, be denied benefits of, or be subjected to discrimination during any program or activity or in employment.
For safety reasons, completed emergency contact information must accompany the registration. Schoolcraft College reserves the right to delay the registration until emergency contact information is provided.

Parent or Legal Guardian: Please complete the following information. Submit one form per person. Duplicate this form as needed.

Please join us for our **KIDS ON CAMPUS OPEN HOUSE**

Tuesday, March 16, 2010
5:30–7:30 p.m.
Location: VisTaTech Center, DiPonio Room
- Meet instructors
- Ask questions
- Visit the campus
- See class demonstrations

For additional information call 734-462-4448.

**KIDS ON CAMPUS SCHOLARSHIPS**

Through the generous contributions of Art and Diane Rockall, a limited number of scholarships are available to those families requiring financial assistance. If you are interested in applying for a scholarship for your child to attend a KOC class or camp, complete and submit a KOC scholarship application form, your student’s registration information, emergency form, and TAG certification letter (if required) to KOC Coordinator, Continuing Education, no later than May 14, 2010. For more information, e-mail CEPD@schoolcraft.edu or call 734-462-4448.

**NEW DAY CAMPS FOR SUMMER 2010**

**FALL 2010 TECH ACADEMY**

**MARK YOUR CALENDARS NOW!**

Kids on Campus Fall 2010 Tech Academy will begin October 2.

For program details and registration information, look in our large CEPD fall schedule book which will be available mid-July. If you do not currently receive this publication at your home, call 734-462-4448 to be added to our mailing list.

**Additional Activities for Summer 2010**

Look in our Continuing Education and Professional Development Spring/Summer 2010 schedule—available online late March—for the following physical fitness programs with offerings available to children of all ages.

- Tennis
- Aquatics
- Fencing

**GIVE A CHILD the GIFT OF LEARNING**

Schoolcraft College gift cards, redeemable for tuition, are available for $25 or more. For more information on this valuable gift idea, please call us at 734-462-4448.
