# Federal Depository Libraries

Schoolcraft College Bradner Library is one of 44 Federal Depository Libraries in Michigan and one of 1,250 Depositories in the country.

Since 1813, the FDLP has maintained the nation's first "right-to-know" program. At the foundation are the unwavering principles that the public has the right of access to its government's information and the Government has an obligation to disseminate and provide broad public access to its information, preserve its information, and guarantee its authenticity and integrity. GPO and the network of depository libraries remain committed to the original intent of the FDLP, to create an informed citizenry who can participate in the democratic processes of the United States.

# Our Collection

- is largely a current 5-year collection rather than an historical collection
- supports our curriculum
- supports our Congressional District demographic
- is geared toward research information and consumer education

# The Depository Concept

- As a Federal Depository Library, we select between 22% and 24% of everything published by the Government Printing Office in Washington, DC.
- These documents are “on loan” to us for a minimum of five years, and we are mandated to make them available to our patrons.
- After housing the documents for five years, we may opt to keep them in our collection longer or offer them back to the government through our Regional Depository Library in Lansing.
- Because these documents are the property of the U.S. Government, they cannot be checked out of the library unless they are cataloged in the general collection.

# United States Code of Federal Regulations

- Agencies are required by 44 U.S.C. Sections 1901, 1902, and 1903 and now OMB Circular A-130 to make all of their publications available for distribution to depository libraries, except those:
  - which have no public interest or educational value [data entry forms, personnel forms, etc.]
  - are classified for reasons of national security
  - and cooperative publications which must necessarily be sold in order to be self-sustaining.

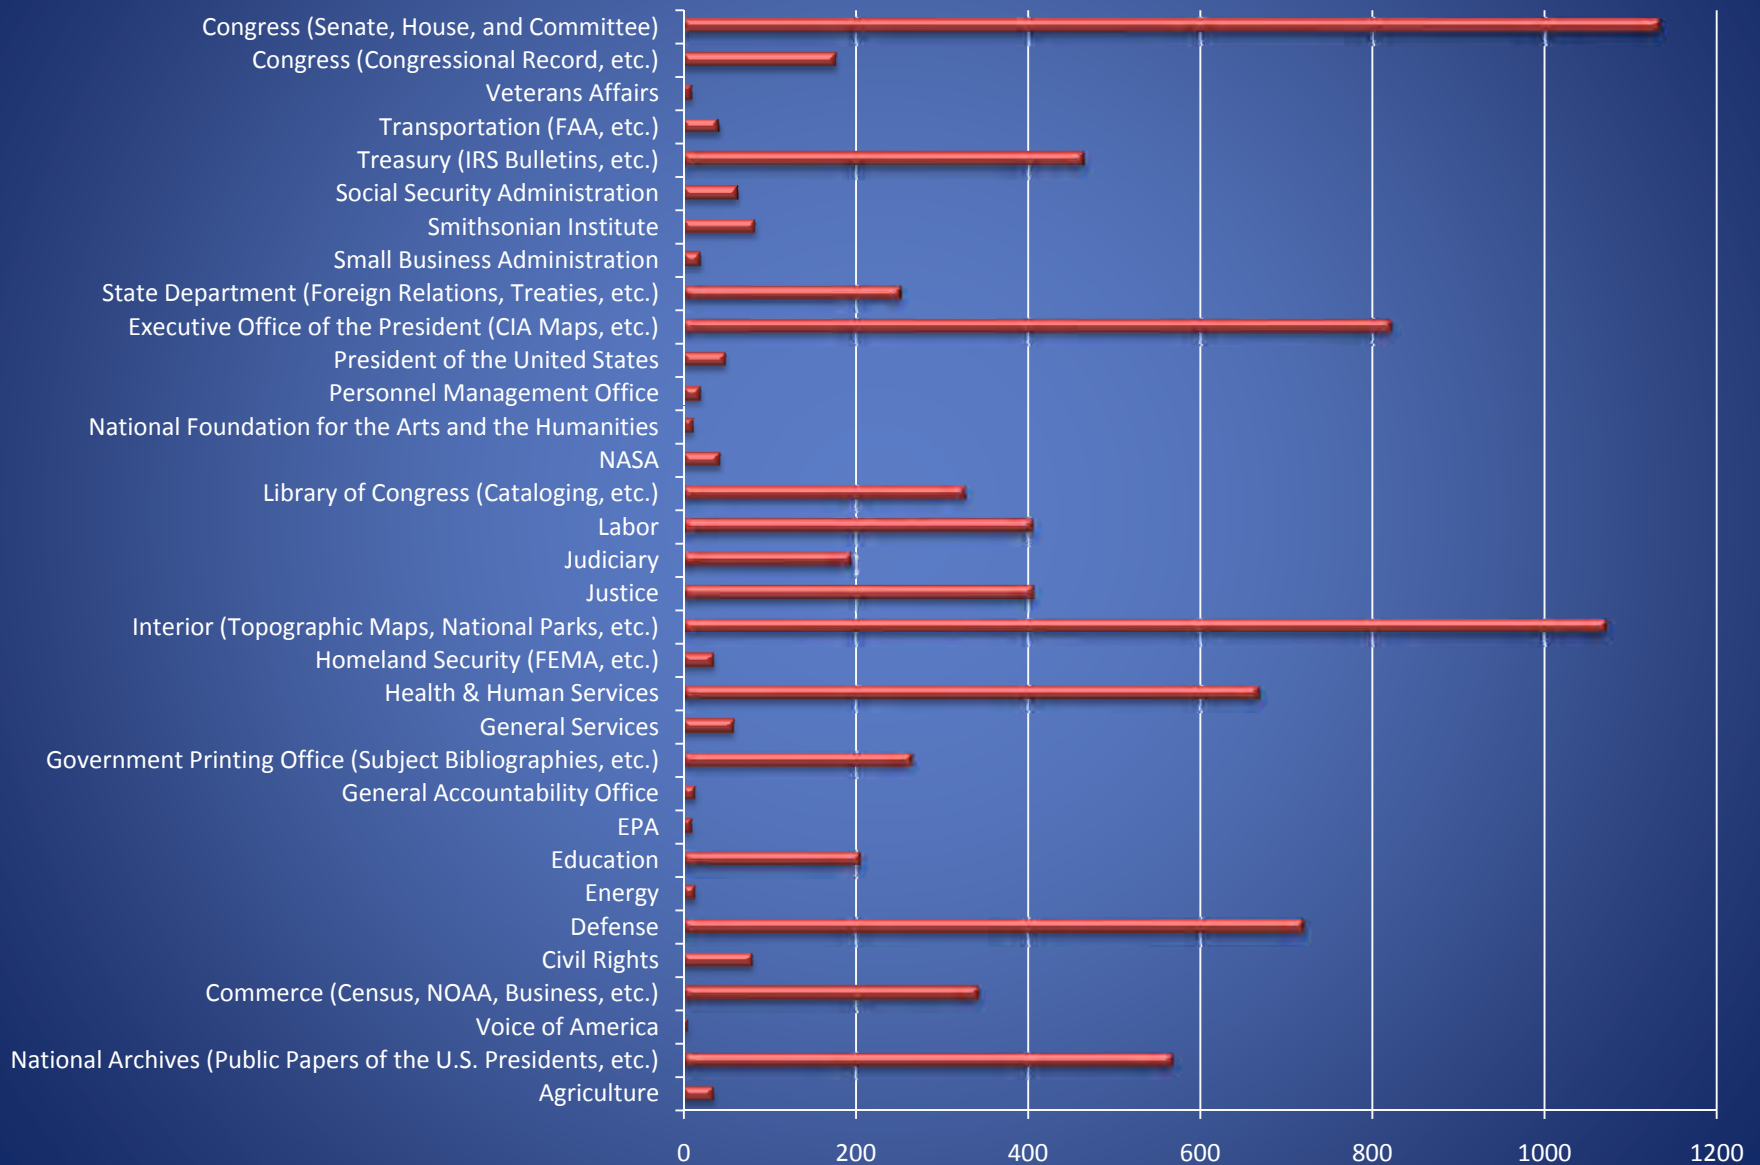

Bradner Library offers both tangible  
and electronic documents

# Tangible Documents

- Among our 8,600 tangible documents, almost 1,300 are cataloged as books, over 700 are maps, 560 are microfiche, and 1,026 are housed at our Off-site Selective Housing facility, the Madonna University Library.
- Madonna maintains our collections of
  - Michigan topographic maps
  - IRS Bulletins
  - Foreign Relations of the United States volumes
  - and the State Department's Treaties and Other International Acts Series of documents.

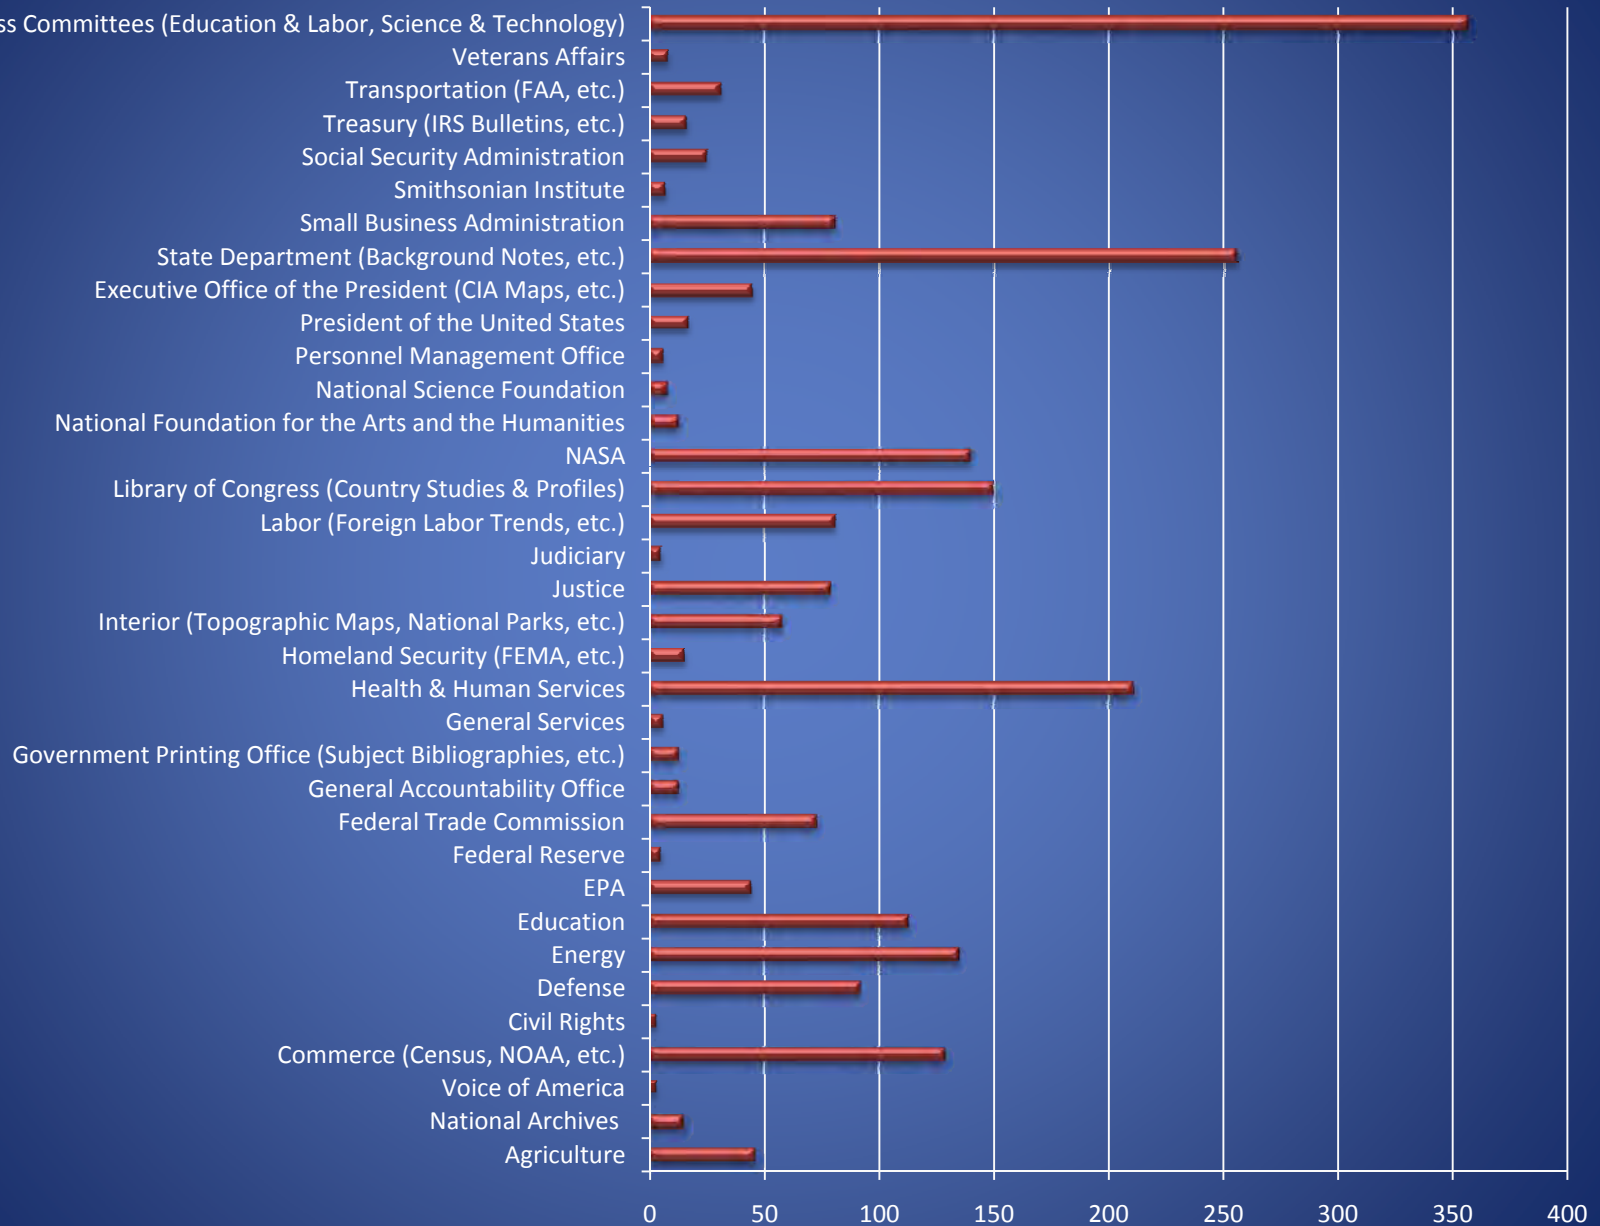

# Selection of Tangible documents

# Selection of Electronic documents

# How to search for our electronic documents

Go Clear

Search hints:

- Fill in as little or as much of the form as you'd like. The more you use, the narrower your search.
- Use quotation marks for phrase searching, e.g., "international relations"
- For combination searches using a phrase and a word, put your phrase in quotation marks then use a Boolean Operator (AND, OR or NOT) within the same line to connect your term on each line to further narrow a search. Example: **line 1 type:** "public law" NOT resolution **Select operator drop down:** NOT **line 2 type:** "act to amend" OR "act to designate"
- DIPLOMACY = diplomacy, Diplomacy, and DIPLOMACY
- Diplomacy? = diplomacy - technological innovations (LC heading subject search)
- super? = super, superconductor, superintendent, superpower, supervisory, etc.
