What is the Advanced Rider Course?
This one day course is designed for licensed, experienced riders who have a cycle endorsement to enhance their basic skills and help with personal risk assessment. Interactive classroom activities to improve perception and hazard awareness are combined with range exercises which enhance both basic skills and crash avoidance skills. You will learn to improve braking and corner finesse. It is the public version of the Military Sport Bike Rider Course.

Why was it developed?
A high number of military fatalities were recorded by service men riding sport bikes in the states.

What is the overall aim of the ARC?
The overall aim is to provide rider development in the areas of risk management, decision-making, riding strategies, and rider behavior and choices.

Can any bike be used in the ARC?
For the ARC, any two wheel motorcycle may be used. Coaching on the range will be tailored to each rider for their specific motorcycle. Unfortunately, we are unable to accommodate 3-wheel motorcycles or scooters in these classes at this time.

What are the range exercises for the ARC?
There are eight: basic control, quick stops, stopping demonstration, curve adjustments, cornering and swerving, multiple curves, decreasing radius curves, gap analysis and safety margins.

Where will courses be offered?
The course will be held at Macomb Community College in Warren and Schoolcraft College at the Milford range.

Does a rider use their own bike?
Yes. Each student must provide their own motorcycle. Sharing is not allowed. The cycle must be titled, properly registered, and display a valid license plate. Each student must provide proof of insurance and the bike must pass a safety inspection.

Does the bike need to be a sport bike?
No. All kinds and sizes can be used (with the exception of 3-wheel motorcycles and scooters). The student motorcycles will be safety inspected before the riding begins.
