

Licensed Practical Nurse to Registered Nurse Option (LPN to RN)

Information and Application Packet 2022-2023

PROGRAM DESCRIPTION

Schoolcraft College offers an option for Michigan Licensed Practical Nurses (LPNs) who are interested in becoming Registered Nurses (RNs) with an Associate of Applied Science (AAS) in nursing education. This is not a separate program but an advanced placement option within the Nursing Career Ladder Curriculum (NCLC).

- Following successful completion of the RN program requirements, students are eligible to take the NCLEX-RN exam and apply for licensure as a Registered Nurse (RN).
- Students should meet with an Academic Advisor to review general education courses that may be transferred toward the degree. Students are accepted after pre-admission requirements are met and as space is available.
- Applications are accepted on a continual basis for Fall Semester of each year and the number of placements varies per year.

The Nursing Career Ladder Curriculum (NCLC) is rigorous and challenging. It requires a high level of student commitment and mastery of content in many academic areas. Important information about the Nursing Career Ladder Curriculum:

- Nursing courses are offered during day/afternoon sessions at the Livonia campus. Second year courses are scheduled into four 7-week sessions.
- Computer use and computerized testing is required for all nursing courses.
- In addition to course lecture, laboratory and clinical practice are required. Computer use and computerized testing are required for each course. Students will need to have a computer device for home and on campus use that meets the requirements as provided at the time of entry. Courses typically include one day of theory and two days of clinical. Clinical sessions are offered on day or afternoon shifts with potential weekend rotations. The clinical days may not be sequential days of the week and will vary based on clinical site availability. Students must meet all requirements as designated by the department, college, and clinical facilities.
- Nursing courses must be taken in sequence or assigned rotation. A minimum grade of 80% in each nursing course and satisfactory clinical performance is required for progression to the next nursing course.

The RN-AAS nursing program is approved by the Michigan Board of Nursing and has received additional national Accreditation Commission for Education in Nursing (ACEN). For more information on MI-Board of Nursing approval and licensure please contact:

OR higher Mathematics course with a minimum grade of 2.0/C.</p> <p><i>Students should meet with an advisor to determine courses that satisfy academic goals and future BSN program requirements. Math 102 does not transfer towards a BSN degree.</i></p>
<p>10. Admission Exam</p>	<p>The ATI TEAS Exam (Test of Essential Academic Skills) is a multiple-choice exam that must be taken using the online version. The TEAS Exam includes:</p> <ul style="list-style-type: none"> ○ 31% Reading: Key Ideas & Details (15%), Craft & Structure (9%), Integration of Knowledge & Ideas (7%) ○ 16% English and Language: Convention of Standard English (6%), Knowledge of Language (6%), Vocabulary Acquisition (4%) ○ 31% Science: Human Anatomy & Physiology (21%), Life & Physical Science (5%), Scientific Reasoning (5%) ○ 22% Mathematics: Number & Algebra (16%), Measurement & Data (6%) ○ Minimum TEAS Exam scores required are: Composite: 60% (Adjusted Individual Total Score), 68% Reading, 60% English, 60% Math, 50% Science. <p>Achieve the required minimum scores on the <u>ONLINE</u> TEAS Exam (Test of Essential Academic Skills) within two attempts. Students may take the TEAS exam a maximum of 2 times within a 12-month period. The highest score for each section of the two attempts will be accepted. Ex: Students may not take a third attempt until the first test date attempt expires. The maximum number of attempts on the TEAS exam is four (4) attempts overall. Students must complete all sections of the TEAS Exam with maximum effort on each attempt for scores to be accepted and composite score must still be 60 or higher.</p> <p>TEAS online exam scores are accepted from other institutions (until September 1, 2022) if the student has ATI send the official test results to Schoolcraft College. Written test exam scores are not accepted as all nursing courses utilize computerized testing. As of September 1, 2022, all TEAS testing for application to this nursing program will need to be taken at the Schoolcraft College Testing Center.</p> <p>Students who may need academic testing accommodations should meet with Disability Support Services Office (734-462-4330) <u>prior</u> to taking the TEAS exam to determine potential accommodations.</p> <p>The Schoolcraft College Continuing Education and Professional Development Center has a preparation course available to assist with test success http://www.schoolcraft.edu/PPL and the ATI website also has study materials and practice exams available. The Schoolcraft College Learning Support Services department also provides free personalized TEAS prep plans for success through one-on-one and group formats. To inquire about support for the TEAS, please contact teasprep@schoolcraft.edu (734-462-7359).</p> <p>TEAS Exam attempts at Schoolcraft College must be scheduled in advance. Fees paid are non-refundable and non-transferrable. Students needing to change testing dates will need to pay the full fee. Obtain more information regarding the TEAS exam: https://www.schoolcraft.edu/testingcenter/teas</p>
<p>11. Cumulative GPA</p>	<p>Attain a cumulative grade point average of 2.5/C+ or better for all college level prerequisites and supportive courses.</p>
<p>12. Apply for LPN to RN Placement</p>	<p>Complete the student portion of the application and meet with an academic advisor for academic planning and to sign off on the application (see ATTACHMENT A). The advisor will submit the attached application and degree audit (received from Advising) to the Nursing Office. Applications are reviewed on a continual basis. The order of acceptance of qualified applicants will be based on the date the College receives a valid application for LPN to RN placement. An application is valid only if all of the requirements listed in this document have been met.</p> <p>All pre-requisites must be completed (with a final grade entered) PRIOR to submission of application for the application to be considered for admission. In the event more than one qualified student applies on the same day, the applications will be ordered based on highest cumulative grade point average in the prerequisite/supportive courses.</p> <p>Students who are accepted will receive an email confirmation indicating acceptance and the designated Fall start year. If all student spaces are full, students will be admitted to the next year's Fall start cohort, and will also be eligible to move up to the current year (depending on application date placement), if other students defer or do not meet other requirement deadlines and admission is cancelled. Students who do not respond to correspondence by deadlines will be cancelled by the nursing department. No students are moved up after August 1 for any given academic year.</p> <p>Specific information on orientation and other requirements will be sent via Schoolcraft email when available (approximately 4 months prior to start semester). Students are responsible for maintaining current contact information for all college communications. Students should get their college email forwarded to their primary email so as not to miss any communications.</p> <p>Students may defer their admission only one time, otherwise, the student will need to reapply and meet the application requirements at that time. Students who do not meet nursing department deadlines, or have been accepted to the program and then are "no call, not show" to start the program, will be cancelled and not eligible to reapply to the program in the future.</p>

	Admission will be cancelled if students do not meet nursing department deadlines for other pre-admission requirements such as orientation and health/clinical requirements and ability to reapply would be determined upon nursing department review of the situation.
13. Begin NCLC course work in the Fall start semester	See the course schedule information for other general education/supportive courses required to fulfill requirements for the Associate of Applied Sciences in Nursing degree-General Education Humanities course with a minimum grade of 2.0. HUM 106 – Introduction to Art & Music recommended. Select second within a set of General Education English Communication courses with a minimum grade of 2.0. ENG 102 - English Composition 2 recommended.

COLLEGE SUCCESS COURSE

To provide students an opportunity to develop further skills necessary for the demanding field of nursing education, the College offers a nursing specific section of COLLS 130 (Applied Learning Theory for Nursing Majors). This optional course provides instruction on reading efficiency and speed techniques, learning/study strategies, and critical thinking/test taking skills using nursing materials and concepts. Students can contact Academic Advising at 734-462-4429 for more information.

MANDATORY REQUIREMENTS PRIOR TO PROGRAM FALL REGISTRATION by provided deadlines (Requirements subject to change.)

After acceptance, students will receive a packet of information via email regarding post admission requirements that must be completed prior to starting the nursing program. The packet will contain specific deadline dates and further details for the following requirements:

1. Participate in a mandatory LPN to RN Student Orientation session.
2. Schedule and meet with the Nursing resource Instructor for a personal interview to discuss educational goals, learning techniques/strategies, and recommendations for success in the program.
3. Demonstrate satisfactory performance on clinical skills during a Skills Review session.
4. Complete the medication dosage calculations packet prior to the orientation, as a Medication Math Proficiency Exam (includes IV therapy calculations) will be completed at the orientation session. Each nursing course includes dosage calculations as part of the course testing.
5. Complete any specified computerized assessments.
6. Complete all health/clinical placement requirements and provide documentation including a health questionnaire/physical exam (dated within the last 12 months from the fall start of the nursing program), TB testing, immunization records including Measles, Mumps, Rubella (MMR), Tetanus, diphtheria, Pertussis (Tdap), Varicella (chicken pox), Hepatitis B, flu vaccine (in season), COVID vaccine, a negative urine drug screen on first attempt (marijuana use is still prohibited), and pass a criminal background check by nursing office deadline dates provided in the emailed packet. Drug screens may need to be repeated throughout the program as required by clinical agencies. Students will also need to meet any other future health/clinical/agency requirements as specified by the agencies.
7. Students should have current American Heart Association Basic Life Support course for Professional Healthcare Providers. The course needs to include an in person return demonstration of performance skills (adult, child, infant, and AED use). 100% online courses are not accepted.
8. Students who do not meet the Nursing Department requirements/deadlines will be cancelled (see other notes).
9. An authorization permit to register for courses will be issued by the Nursing Office upon completion of any requirements as specified in email correspondence. Students are emailed when petitions are entered and students may then register for courses.

PLEASE NOTE: *Requirements for admission to the LPN to RN Option are subject to change at any time. If you have any questions or need updates on applicable changes, contact the Nursing Office at 734-462-4401 or nursing@schoolcraft.edu.*
