

2026-2027 Loan Request Form

IMPORTANT! NEW REGULATIONS FOR 2026-2027 – READ CAREFULLY

Beginning with the 2026-27 academic year, colleges are required to prorate annual loan limits for students who do not take at least 24 Title IV-eligible credits between fall and winter. The proration is in direct proportion to each student's percentage of full-time enrollment. Only credit hours that are required for your program (Title IV-eligible) are included in the total. If the number of Title IV-eligible credits you enroll in is different than the numbers you indicate on this form, your loan eligibility may change. **Loans will be adjusted based on your schedule changes.** This could result in loan increases or decreases, which could result in a balance owed. If you have relied heavily on loans to cover your direct or indirect educational costs, you may need to consider alternative payment options to meet your financial obligations.
