

STUDENTS: JUMP START YOUR CAREER with this GREAT new opportunity!

A flexible, sustainable, competency-based education and training program to help fill the manufacturing industry technology skills gap

Schoolcraft College Going PRO Apprenticeship Readiness Program

Connect with employers that are looking for talent. Gain hands-on training for in-demand careers. Tuition funding available for qualified students.

Academic Program

Developed with industry input, SC-GAP courses are essential foundational first steps for successful employment. These credit courses apply directly to programs leading to academic certifications. Additionally, CAB 102—*Student Success and Career Development*—is designed to maximize student potential for success in college and the workplace.

SC-GAP courses:	Credit hours	Electives:	
CAB 102* Student Success and Career Development	2	CAD 103 Engineering Graphics	3
MATH 102 Technical Mathematics	4	ELECT 131 Basic Measurement and Reporting Skills	3
OSH 111 Occupational Safety and Health for General Industry		MET 103 Introduction to Materials Science	3
OR OSH 112 Occupational Safety and Health for Construction	2	MFG 102 Basic Machining Processes	3
<i>Elective</i> (see right for program-specific elective courses)	3	PLAST 130 Introduction to Plastic Materials	3
	Total credit hours: 11	WELD 110 Introduction to Welding Basics	3

* If a student has completed either CAB 100 or 101 in combination with HDS 110, they do not need to take CAB 102.

Student Benefits

- ◆ Through participation in the SC-GAP program, you will receive a strong academic foundation to prepare you for a Registered Apprenticeship (RA).
- ◆ Funding for tuition/books/fees and other possible expenses may be available to those who qualify.
- ◆ You will have the opportunity to determine your pathway within the professional trades by taking an elective course in this program.
- ◆ Upon completion of the SC-GAP program, Schoolcraft College staff will work to match you with an employer within your chosen professional trade.
