

Honors Option Agreement

Winter Semester 2020

Honors Options are natural extensions of usual course requirements. These projects challenge students to apply course principles in the real world, lead peers in learning activities, conduct field research, identify and report on special resources, construct a prototype, create a work of art, or enact change. Honors Option projects should take students 3-5 hours per course credit hour to complete.

Description:

Conditions:

This agreement needs to be signed by **Feb. 7, 2020**. The student should file a copy with the Honors Program Office, LA 524. Once the project is finished, professor and student should complete the Debriefing form together. Finally, the professor should submit a short description and evaluation of the project by **Apr. 18, 2020**.

The professor will meet with the student on these dates:

_____ (Debriefing)

The student agrees to notify the professor as early as possible if he or she will not be able to finish the Honors Option for any reason. In itself, a cancellation of an Honors Option will not affect the student's course grade. However, after an Honors Option is cancelled, the student agrees to assume the tuition costs for the next Honors or Hon-ors Option course in the Schoolcraft Scholars program.
