

## Tactical Casualty Care

### Self-Aid/Buddy-Aid LE Edition

The focus of this class is to give each student the ability to recognize, evaluate and control life threatening injuries thus greatly increasing the patient's chance of survival.

This is a registered course with MCOLES and is eligible for **P.A. 302 funding as well as CPE funding.**

The course will cover the following:

- Define TCC Self-Aid/Buddy-Aid.
- Cover materials that make up the "Individual First Aid Kit" IFAK.
- Define the 3 phases of TCC - Direct Threat Care, Indirect Threat Care, and CASEVAC.
- Perform a rapid/basic patient assessment and perform medical interventions during Self-Aid/Buddy-Aid.

### **Officer IFAK's (Individual First Aid Kit \$100.00 value!!)**

The Officer IFAK that will be issued to each student contains the necessary equipment to provide these life-saving skills on themselves or someone else. This includes the CAT-Combat Action Tourniquet, Pressure Bandage, Combat Gauze, and an Occlusive Chest Seal. Each attendee will be trained on how to effectively use each item in their IFAK. These IFAK's are designed to be easily added to an Officer's gear or fit in a patrol vehicle.
