

MOTORCYCLE SAFETY 2022 REGIONAL SCHEDULE

BASIC RIDERCOURSE (BRC) - WEB ENHANCED | BEGINNING RIDERS

This course is designed for someone who has little or no experience operating a motorcycle, and it focuses on the development of basic riding skills: clutch and throttle coordination, straight-line riding, braking, turning, and shifting. **Training motorcycles are provided.** Privately owned motorcycles are **NOT** permitted. The course also provides a fast track to *motorcycle endorsement* (CY); successful completion results in a certificate that waives the written knowledge test and riding-skill test, which would otherwise be administered by the Secretary of State and a third-party testing agency, respectively.

Instruction consists of approximately 18 total hours – 3 hours of online preparation to be completed prior to your class start date, 5 hours of classroom instruction, 8 hours of hands-on training, and 2 hours of evaluation and testing.

Weekend BRC students need to be available, but not necessarily on-site, for all of Saturday and Sunday. Students are placed into groups during classroom instruction on Friday; those in *Group A* will ride in the morning (8am-1pm), and those in *Group B* will ride in the afternoon (1pm-6pm). While we do our best to accommodate requests, please keep in mind that we cannot guarantee placement into either specified group. Please reserve any requests for your instructor on Friday.

Prerequisites

- Ability to ride a bicycle.
- Valid email address on file with the community college at which you registered. Must complete the online eCourse prior to your class start date and bring the completion certificate to the first class session. The link to the eCourse will be distributed via email at least one week prior to the start date of your class. If you have not received an email by this time, you must contact the community college at which you registered.

BASIC RIDERCOURSE 2 (BRC2) | EXPERIENCED RIDERS

This course is designed mainly for experienced but unendorsed motorcyclists; however, endorsed motorcyclists also use this course to refresh their skills. Topics include: braking, countersteering, turning, speed judgment, and other techniques necessary for the experienced rider to operate a motorcycle skillfully and safely. **Students must provide their own motorcycle.** Mopeds are welcome. Three-wheeled motorcycles are **NOT** permitted. Sharing is **NOT** permitted. The motorcycle must be titled, registered, and insured; and it must display a valid license plate. Students must provide proof of insurance, and the motorcycle must pass a safety inspection. The course also provides a fast track to *motorcycle endorsement* (CY); successful completion results in a certificate that waives the written knowledge test and riding-skill test, which would otherwise be administered by the Secretary of State and a third-party testing agency, respectively.

Prerequisites

- Prior motorcycling experience.
- Ownership of a motorcycle that is titled, registered, and insured.
- Valid email address on file with the community college at which you registered.

ADVANCED RIDERCOURSE (ARC) | EXPERIENCED, ENDORSED RIDERS

This course is designed for experienced, endorsed motorcyclists to enhance their basic skills and help with personal risk assessment. Interactive classroom activities to improve perception and hazard awareness are combined with range exercises that enhance both basic skills and crash-avoidance skills. You will also learn how to improve braking and cornering finesse. This is the public version of the Military SportBike RiderCourse. **Students must provide their own motorcycle.** Mopeds are **NOT** permitted. Three-wheeled motorcycles are **NOT** permitted. Sharing is **NOT** permitted. The motorcycle must be titled, registered, and insured; and it must display a valid license plate. Students must provide proof of insurance, and the motorcycle must pass a safety inspection.

Prerequisites

- Motorcycle endorsement.
- Ownership of a motorcycle that is titled, registered, and insured.
- Considerable street-riding miles.
- Valid email address on file with the community college at which you registered.
