ENHANCE YOUR CAREER

Looking to take the next step at work? Schoolcraft College's MRI Tech Training Program allows working medical health care professionals the opportunity to acquire the skills needed to become an MRI technologist.

This 16-week, fully online non-credit course is designed for students who are registered Radiologic Technologists (ARRT), Radiation Therapists (ARRT) and Nuclear Medicine Technologists (ARRT or NMTCB) who wish to obtain the structured education necessary to take the ARRT post-primary certification examination. This program is flexible and works around your work schedule.

Students will learn comprehensive knowledge of MRI instrumentation, imaging techniques, pulse sequences, gradients, data collection and image formation as well as the physical principles underlying MRI technology.
